Applying for the Web Developer Job / Internship Position

Address
13274 Amblewood Drive, Manassas, VA
20112

Phone (571) 292-6830

E-mail mafnasca@gmail.com

Date of birth 16 Mar 1996

I have been very passionate upon programming since I was 15 years old.
I have worked on personal projects using primarily the back-end language Java.
Although, Java was my first programming language, I have great interest
learning more programming languages. I wish to gain more knowledge
about both front-end and back-end web development work. I believe that
working with your organization and learning on the job will be decisive step
forward in my programming career.

Work Experience

Front End Web Developer and Designer
430 Designs
December 2017 to Present

430 Designs
• Worked on websites using WordPress.
• Manipulated the DOM using HTML, CSS, JavaScript and JQuery.
• Worked with a team to accomplish tasks using the sprint method.
• Used the Version Control System .Git to push and pull from each projects repository.
• Worked with the FTP Client (FileZilla) to pull directories from the server to clone the parent site
and create a child/development site to work on.
